

Betsy Boykin
RLA, LEED AP
President

Betsy Boykin is the founder of Core Studio Design, a landscape architecture firm specializing in institutional and commercial projects. She graduated with a Master of Landscape Architecture from the Harvard University Graduate School of Design (GSD) and with a Bachelor of Arts in Art and Art History from Williams College. She has worked with several offices, including Child Associates and Hargreaves Associates in Boston, and founded the landscape studio at Ayers Saint Gross in Baltimore. She has worked extensively across the country and in Baltimore on the planning and design of projects including the Maryland Public Health Laboratory, the University of Baltimore Library Renovation, and Virginia Tech's Holden Hall. She is currently working on the William & Mary Integrated Science Center 4, Old Dominion University's New Health Sciences, Virginia Tech's Holden Hall and the Chapter 1 Port Covington Redevelopment.
